

Public Charter School

Community Vision ... World Class Education

Help your child succeed in school – sign up for free tutoring today!

Dear Parents,

As a result of the federal No Child Left Behind Act, your child may be eligible to receive extra help in the areas of math, reading, and language arts. You may be eligible to receive this free tutoring because your child's school is in its second year or later of "school improvement," and your child receives free or reduced lunch.

You can choose a free tutoring program that is best for your child. Please note that space is limited. If sufficient funds are not available to serve all eligible children, the lowest achieving students will be given first priority. Please find attached a list of tutoring programs approved to provide services to your child.

When deciding which tutoring program is best for your child, you may want to ask these questions:

- When and where will the tutoring take place (at school, home, or community center)?
- How often and for how many hours in total will your child be tutored?
- What programs, by grade levels and subject areas, are available for your child?
- What type of instruction will the tutor use (small group, one-on-one, or the computer)?
- What are the tutors' qualifications?
- Can the tutor help if your child has disabilities?
- Is transportation available to and from where the tutoring will take place?

Please call Tamika Maulsby, Deputy Chief of Staff at (202) 281-1700 if you have any questions about these services. If you would like to select a tutor now, you can fill out the enclosed provider selection form and return it to your school by October 8, 2010.
