

About The Right Prep

The Right Prep is a leader in providing innovative services and programs to charter schools, virtual schools and charter school boards that educate students in grades K-12. Our team of experts can assist in variety of areas such as; designing student intervention services, training new charter school leaders, creating risk management policies and procedures for school board governance. The key to the success of our programs and services begins with a team of experienced professionals who are committed to carrying out our core belief that “ALL children can be successful.”

Prep For Success: Summer Bridge Program

The Summer Bridge Program is designed to start students off on the right track, right at the beginning of the school year! Prep for Success is a 4 week program for grades 3-9 and has 5 components:

- (1) Pre program Assessment: Prep for Success will coordinate with the school to assess students so that school staff can gain insight into students’ current academic needs.
 - (2) Intervention: After initial assessments, students who are not on grade level will begin courses to close their grade level/summer gap; while students at grade level will have the opportunity to work on advanced course work, all designed to keep students involved and interested in the learning process.
- 
- (3) Skill Development: Critical skills, like good study habits, need to be (re)established as early as possible. Integrated with the Intervention courses, students will go through workshops and exercises, often in the form of games, to learn how to study and do course work more efficiently.
 - (4) College Prep: Students learn why going to college is important for their future. They learn what they can start doing NOW to prepare them to get in to college and the opportunities that come with going to college, later. Prep for Success takes students on college tours, provides information sessions, surveys students for interests, etc. The program will show them why education is important, giving them a tangible target to work towards.
 - (5) Post Program Assessment: At the closing of the Prep for Success program we will assess your students in order to show you the improvements for each student. The assessment will also give your staff an understanding of the level in which each student is on prior to the beginning of the school year.

For more information about this and other programs contact our School Support Team at (301) 288-7830 or email at info@therightprep.com.
